## Acknowledgments

My utmost Heartful gratitude is to Almighty Creator GOD, my Parent, who has been with me all my Live's, there for me as with U. It has been the GOD within through my Intuition, Higher Self, the Christ within that has got me here today to do the doing. Of which I have always held the Trust, Faith, and Love.

Special appreciation pours out from my Heart to my Dear Friends who have supported me on this Mission Possible— particularly the Brightness of Judith, James and Lethea. The Faith and Belief of George in W.A. 2022 Judith, Racheal and Colin, instigated this Collection. I raise a toast— to the Gloriousness of the Bright... ting...

☺ I thank Michelle Kelsey who happened to land on my door step just as I was to edit these 24 chapters. Michelle edited PART 1 and was most helpful in giving clarity and Free Flow, simplifying it for all to read.

☺ Thankful, GOD within edited PART 2.

☺ Also acknowledge all those in the dark who stepped out in front of me, attempting to stop and side-track me of the Path of Love, I placed them behind. Thankfully, their bad behaviours and exposures helped me here. Giving me Strength and Courage. I forgive and Bless them.

☺ Thanks to Alan Simmons for his guidance in publication.

☺ I sincerely like to thank U for opening this book.

### Love Express...

Creator GOD is Love itself,  
Love is GOD, GOD is GOoD  
U are GOoD, GOoD is GOD

H.E. are here to Love and Be Loved.

Furthermore, H.E. are here to discover the mystery of Self and Life. In doing so H.E. will discover the One and only True GOD and everyone else in the Oneness process. All Life is connected.

Raising the Living<sup>2</sup> collection begins with Visual paintings enhanced by the art of Literature, then songs, later a Musical Production inviting the readers, viewers and

listeners on a journey to raise one's  
conscious toward full enlightenment —  
CHRISThood — our GODself Ascending  
upward in the Love Vibration of 5D and  
beyond.

As Divine Living Beings of Spiritual  
Immortality, Children of our Parent —  
"Source of Being" the Creator GOD of ALL.  
is All, in All Life, H.C. may change our over-  
coats to reincarnate and continue our  
journey back Home with GOD Father —  
Mother, to learn and earn Self Mastery  
of "Our Authentic Divine Self," the CHRIST.

H.C. are currently receiving the  
greatest giving opportunity to be Ascended  
Masters — Angelic Saints of GOD to lead the  
way together harmoniously in Love into the  
new Aquarian Golden Age in Light.

In our tiny yet Special Earthly (hEartly)  
Galactic library and skool, it is NOW Gradua-

## Introduction

Speak and walk our Truth. Take the High Road,  
Follow our Hearts on the path of Love towards  
Peace, Home in Heavenly Nirvana.

W.C. are in 'The Great Awakening' with  
many spellbound, deeply indoctrinated,  
living in denial and fear, caught up in mass  
formation, afraid to step out of line - left-  
right - left - ... To drunk, drugged and vaccinated  
to wake up to the Reality and Facts. Yet still  
GOD's pilot Light, in the core of ones heart,  
flickers.. The Divine Spark within.

Many have continued to 'Follow the Crowd'  
down the hell of a rocky road deeper into the  
complete dark of nothingness.

Remembering the quote 'None are  
more hopelessly enslaved than those who  
falsely believe they are free' Johann Wolfgang  
von Goethe.

drivers license, passport, CAPS, any de-facto government paper. H.C. have been misled from birth. Born into a society of lies made to be seen as truth, this has been the way of teaching the status quo to follow the de-facto government (control-ments) and don't rock the Titanic boat or else.

In Truth H.C. are wonderful. Divine Living Beings of Spiritual Immortality and the likeness and image of Our Parent GOD Father-Mother, infinite and eternal, Our "Source of Being" Spirit-Soul in a body / vessel.

Mary Baker Eddy, the founder, author of Christian Science with Key. to the Scriptures, brings to Light TRUTH and its supremacy, universal harmony, the entireness of GOD, GOOD and the nothingness of evil.

H.C. in our Divinity are uncontrollable Souls, Free Spirits are called to abandon the septic Titanic Society.

Saint Gabriel (Divine Will of GOD)  
will U please take --- belongings to  
room D369? Thanks.

## Introduction

I AM pleased that U. have chosen to step out of the titanic ma trix net work that has become entangled in darkness. People have lost their direction and are unable to see and hear.

Let's go over here to the Mocktail Bar amongst others. ... sit down, relax and tell me what is Alive in your world and Dear in your Heart...

Here is a brochure of the various levels, densities, dimensions and the layout of the Love Kin-ship. Your room is on level 3D. I will take U up there shortly and show U some of the facilities on the way. There is a lot to take in; H.C. have got all the time in the world, the clock stops at midnight. H.C. start sailing on the crest of waves into the sunrise of a New day and Way---

I will introduce U now to our Divine Captain, GOD. GOD, the Creative Power of All.

## Raising the Living

The Source and Substance of all existence,  
GOD has no name, no title, GOD is IS  
undiscribable---

The One and only True Creator GOD,  
(Source) Captain of Love Kin-ship, who U  
will personally get to know, Trust, Love and  
Respect with Reverence... in Oneness.

The journey H.C. are about to embark  
on once in the Ocean of Life is in 5D Love  
Vibration.

Would U like a drink and nibbles?

---  
Thanks, St. James, what a lovely  
looking platter... help yourself.  
Let's raise and toast to U and the  
Adventure---

Blessings to the Gloriousness of  
the Bright.' H.C. are all Bright, cheers-  
ting... (Eye to Eye)

This is the list of the 24 ports  
(paintings) H.C. will be visiting, becoming

brighter, clearer on our Cosmic Conscious Awareness from Port to Port - Painting to Painting.

H.E. chat for awhile, introducing one another...

'Dinner will be served on Level 2 in the main restaurant at 7 The Captain will welcome and brief US all. I'll meet U there and take U to your table. Just mentally call my name - I'll be there.'

---

While dining I'll explain my unorthodox use of words. I AM using H.E. throughout, referring to Ye and Me, or all of US.

Spiritually H.E. refers to the White Eagle as the Holy Spirit referring to the Oneness - H.E. are - I AM.

I use capital letters to emphasise the importance of the Word.

---

What a wonderful meal and performance. May U be feeling connected, Rest up, I'll see U at day break 'Tyme Haz Kum' for the journey of your Life...

*Passing Time - 1979 Oil on Canvas 120 x 180 cm.*

A conversation with Gordon Wright and his red kelpy dog Charlie in the early morning light of Cue, Western Australia, led to this painting, which was runner-up for the Australian Portraiture Prize that year. A Sacred meeting meant to be.

Offered AU\$20,000 for it in 1981. I choose instead to gift it to my Beloved daughter Tara Jay. It was stolen from my Kelsue Arts Centre gallery, Bunbury, Western Australia in 1985 and is still 'walkabout' as I write. Knowing it will return when Tara is ready.

I have always intended to paint the follow up from the first A5 playful sketch. Finally the timing has made itself perfect with the door now open to the Light and Love of Creator GOD and U.S. on the couch.

In this painting the mans best friend, his dog ↔ (GOD) sits up one step, level above him protectingly and overseeing. The old N.S.W. bank were closed.

## *Raising the Living*

Now with Tyrne Haz Kum W&E are seeing the Native Man representing all of humanity on the same level with GOD (dog) playing Harmoniously and Lovingly with the doors open to the Light of the Wonders and Treasures of the Cosmos. The other portrait is a pastel of a Wise 'Native Bushman' that I met in the Kimberleys. W.A. in 1986.

These Treasured Gifts GOD has bestowed to IT's Children won't be revealed until W&E. clean up our Act as Caretakers and are showing Reverence to our Almighty Maker. Tesla and a few others over time have offered some, unfortunately greed for power blocked them. Everything on Earth has Naturally been provided for us. Thanks be to GOD. There is no other planet in this entire universe offers such Beauty. Just look at the millions of different Glorious Flowers, the birds, their colours, and fish.

The scene is now set with the couch ready for U.S. With the musical instruments, the two lights in place making five light sources, the novel of my manuscript 'Artist Interrupted' sits on the side table. I & E. have all been interrupted at birth as Co-Creative Artist with GOD.

Lets sit down together, I AM using my Dear Friend Judith Actually and Myself

as the Hearty Spirited stage 1 of T.H.K. painting man and woman representing All of U.S.

U can even take it right back to the Holy Spirit- GOD ITself, that enters U.S. at conception in our Souls. Also representing the first-cause in ITs Twin GOLD and Silver Rays of Creation. Both male and Female energies coming together.

Looking closely I & E. shall see they are Heart to Heart - seeing Eye to Eye - and with the Kiss of Oneness with the GOD within.

## Raising the Living

U will see two Perfect Triangles, a Blessed Trinity.

The translucent Spiritual figures go through layers of densities and dimensions 2<sup>nd</sup> - 3<sup>rd</sup> - 4<sup>th</sup> - 5D<sup>+++</sup>. Viewed under Ultra Violet (U.V.) Light with a rolling coloured Lights U will be able to see painted in the circles of the cushions behind the figures the codes and secrets of the Cosmos. Of which J&E all hold within ourselves.

## CHAPTER 2

### *The Great Awakening*

*The lights of the Theatre are dimmed right back as H.C. sit together in silence and stillness amongst the anticipating audience.*

*Music around U.S. from Darpan, builds while the curtains, the veil, slowly withdrawing in rhythm to the sounds revealing beautiful revolving iridescent colours through the cloudy smoke, the Spectrum of Life, Our Soul Prints.*

*H.C. are Awakening from the amnesia of the long dark nightmare, from history and duality, to liberate the Human(e) Soul, the Consciousness of the One and All, the Truth of Love. This is Our Destiny.*

## *Raising the Living*

*H.E. are Awakening to New perceptions, to the Joy of Life, wakening to a New Loving 5D+ dimensional reality and New Paradise, Heaven on Earth. The illusion of separation disappearing into Unity, into the Source of a Higher Vibration of Love. Once revealed to the Light and Love within - Our CHRISTness. All the pain and suffering shall be healed.*

*Feel free to wholeheartily and mentally ascend from your bodied seat, become seduced*

*as U spiral like beautiful butterflies dancing spiraling in Love in graceful flight towards the pulsating Light in the distant horizon, becoming brighter with U.S. feeling the CHRIST energy within.*

be fully engaged in the performance...  
Feeling the impulses of the Music and  
coloured Lighting filling Hearts. Loosing the  
sense of mortal selfhood, feeling our Souls  
in the Ascension.

Feeling so much part of the show, may  
it be a specific happening; a character, or  
even All. U are now the actual performance.  
Like a movie that U become so engrossed in.  
Perhaps grabbing a tissue due to sadness or JOY.

Our attraction:- goal is to reach our  
Self Mastery, the Power full <sup>st</sup>Source of Being<sup>or</sup>  
in the distance. Just as the real CHRISTed  
Jesus (Jesus) did when in the desert. (Yes  
that happened) Overcoming all the satanic  
distractions and temptations to be purely  
crystal clear of the Truth and Love of Reality.  
One with His Creator Parent. Becoming the  
Way Shower, the Comforter. This is what WE  
are to Awaken to. A Kundalini Awakening  
Achieving this Awareness WE become...

## Raising the Living

I.E. become - the writers, directors, producers, editors, and all the actors, the cast in our Life Performances. It's our Soul's over Souls that orchestrate. Enabling U.S. in Free Will to change the plot, the theme, settings and script at any point for the GOD.

If Life is already Perfect, then leave it to run the way it is. GOD is GOD, GOD is GOD. Perfect and forever Co-Creating with US.

When I went 'Up-Stairs' during my Death Experience the Holy Spirit finally took or perhaps lead Me HOME my <sup>2</sup>Source of Being<sup>2</sup> the void of All where there is Nothing except Everything. GOD is the Source of Creation itself, also Love itself. I.E. may call GOD - Father Mother our Parent. GOD (not he or she) GOD is IT. IT is not independent of U/US. IT is the totality of everything. When I.E. call ourselves GOD I AM, IT's not about our personal self. IT refers to the expression of the GOD self that rest inside U.S. GOD is Conscious ENERGY.  
MIND.

## The Great Awakening

The verb... the ENERGY.. not the noun, person, place, or thing, U separate yourself from IT and immediately become a limited being.

That's what separates those who believe (religious) and those who know (Spiritual) from those who Conscious. Thus Almighty GOD is not human statue nor any religion, GOD is the electromagnetic pulse of ENERGY that gives Life and Lives within All the Living.

Ⓞ This realisation is the essence of Awakening.

To see that the 'I' and the 'U', observer and the observed, are but fleeting distinctions in the seamless flow of Being. When the wave remembers it is the Ocean, fear dissolves, for there is no other to oppose, no death to dread. The One Mind eternal and unbounded, flows through all things, creating, sustaining and dissolving forms as IT dances through eternity. Ultimately the journey to innerstand consciousness is not about discovering something out there! It is a journey of remembering, of turning inward

## Raising the Living

to the stillness from which all things arise,  
in that profound Truth: there is no separation.  
The dance of the One Mind is revealed.

This realisation that I have been aware  
of for a long time I just noticed, Vicky  
Cabacungan shared on f.b. in GOD's Perfect Time.

The Great Awakening is the waking up to  
oneself, to realise who and what WE truly are.  
The pure reflection and outpouring of our  
Loving Parent GOD. Source.

I created this art piece right in the middle  
of the covidiot's shots that seperated families,  
Love ones, with mandates. Protest exploded  
globally this was 2022. Its now going into 2025  
WE seeing more disclosures and exposes that are  
Awakening more still with an active brain.

Also on drafting this chapter the 2024  
Olympic Games were happening exposing in the  
faces of all the corruptions WE are surrounded  
by. mocking and insulting the Last Supper and the  
Gray Horseman of Death in the Opening Ceremony.  
An ACT played out wordly to stir all,

## The Great Awakening

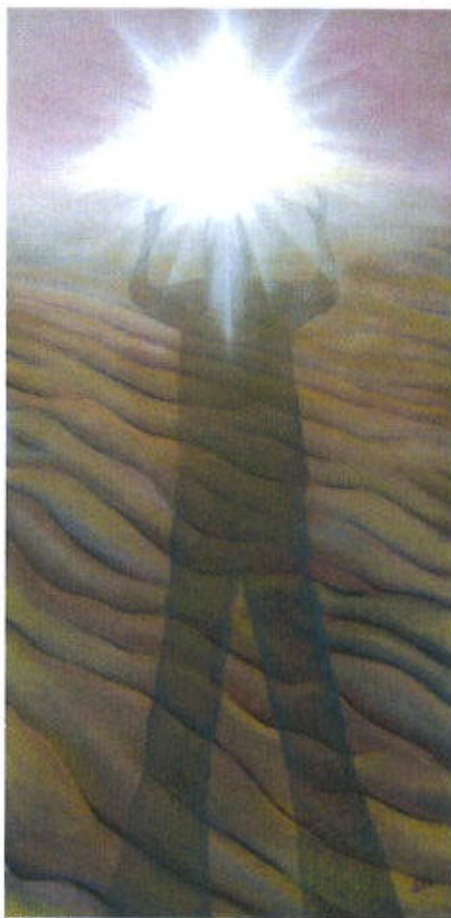

then a blow out worship of satan in the Closing Ceremony. Going to extremes using religion out of content to Awaken more, stirring the melting pot.

This Great Awakening reveals the hidden history of the incredible evil and powerful Khazarian Mafias, the false Jews that have controlled Israel. These ILLuminati zionist global depopulation agenda won't succeed. Thanks to GOD within US, who IS Omniscient, Omnipresent and Omnipotent (do U get that?) Knowing GOD has an enduring and passionate Love for everything of ITS creation, always offers remedy being merciful.

Our Greatest Human(e) GOD given gift is individual 'Free Will' I will repeat  
I AM the boss of Me, I decide!  
U are the boss of U, U decide!  
Together H.C. are the boss of US, H.C. decide!  
so why should H.C. employ a bossy government (Con-trol-ment) by consenting and complying?  
This Big Brother dictatorship goes deeper.

## Raising the Living

This painting 'Meeting Yourself on the Horizon' fits in here with our lower mortal selfhood (a shadow of our Real Self) connecting and becoming One with our Spiritual Higher-Self; the Holy Spirit of GOD, the Christ in the body, our Soul Essence.

Thus dissolving the horizon, no separations, 'Meeting Yourself on there never has been only the Horizon' by our mindset.

Shall H.C. look to see where H.C. are; sitting, walking and talking about?

H.C. get a better picture of Earth looking into the same? Full Moon reflecting our Planet as IT is.

H.C. sit and lie under a firmament from

## The Great Awakening

which the Ma-Trix holds U.S. as slaves, perhaps. The part of Earth H.C. live on is neither round nor flat, rather in-between, like a basket ball or soccer ball bouncing about and getting kicked around, often in a headspin.

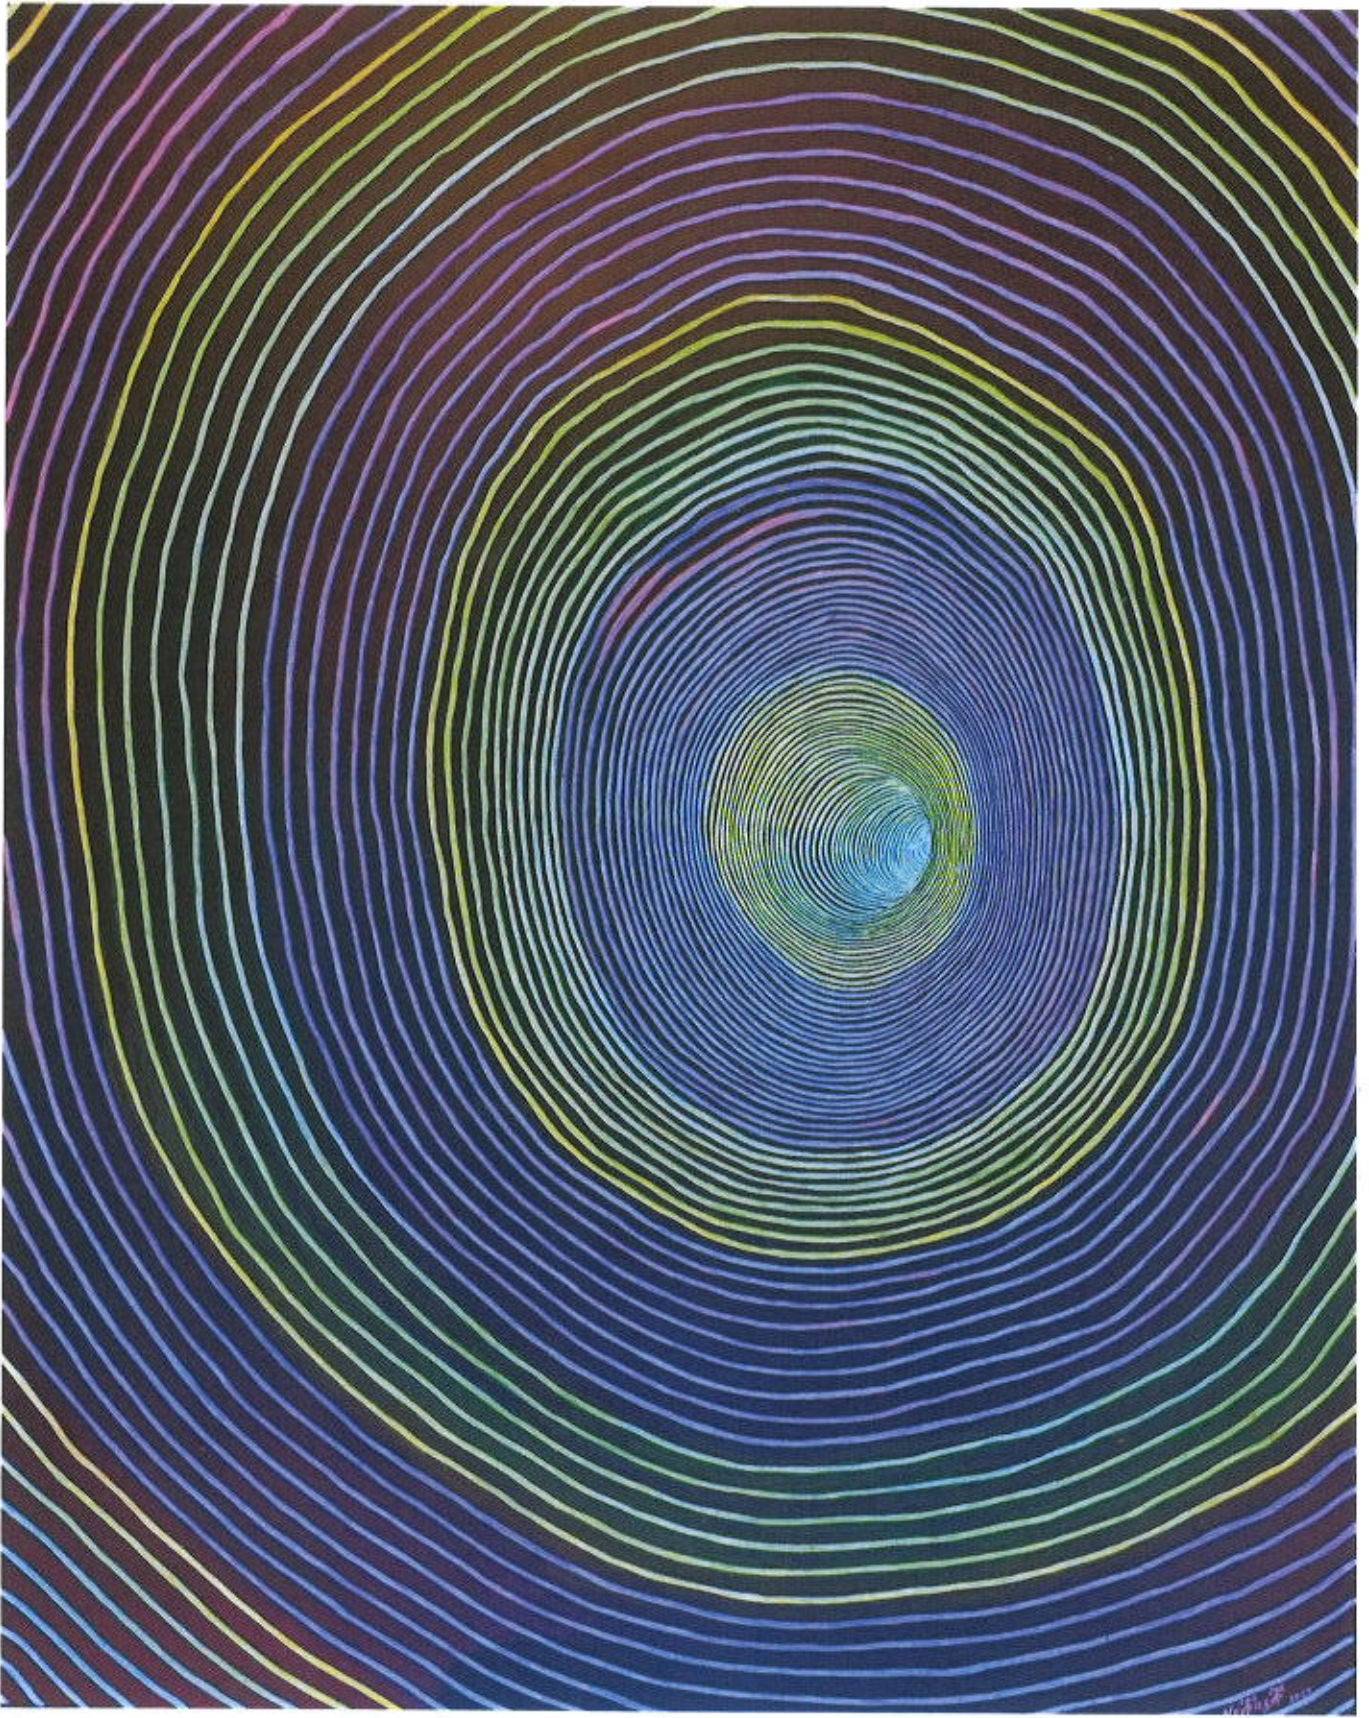

The ma-Trix is full of esoteric and subliminal messages. For a starter, the choice between the Red and Blue pills of politics. Do U have a say? It may symbolise Free Will in the face of willful ignorance. The Vulture has two wings, Left and Right, always unbalanced. On confronting the Truth the insider discovers that the material mortal world is just a facade. In the ma-Trix, this illusion is materialised by the ma-Trix itself, a program designed to keep humanity in check.

Think about that before H.C. dive deeper in the next painting - part. The H.C. can work our way out.

Shall H.C. have a tea break, there is plenty to ponder upon - - - The Great Awakening is the Awakening to One's Divine Self in ONENESS.

UN Caught in religious dogmas.

Krishna's last words to his disciples;  
'Humanity rises to the next level of consciousness with a Kundalini Awakening.'

I Agree, having had an unique and powerful pure Kundalini in 1976 evolving, from a burning bush within a painting, with GOD. The Glowing Bush became, Brighter than the Sun.

The purpose of this painting is to help the viewer Empty their busy mind, and go <sup>∫</sup>Into the Mystic. Please go on this journey with an open Heart, comforted by the Holy Spirit within, Come Out consciously connected with our <sup>∫</sup>Source of Being <sup>∫</sup>shown in the painting #22. I.E. can never be disconnected or seperated, similar to the waves to the Ocean, and the light rays from the Sun. I.E. are Always Connected...

☉ Pondering on the Image, let's go deeper. The outside concentric rings run through cycles of Yellow and Purple tones, they take U.S. back eons of time-lines that U./U.S. have traveled yes, even forward in time with your Souls over-Soul. Each 360° circle can be a year, century or millinium. Vast Wisdom to be shared from these time-lines. Wisdom available to recall from our Subconscious Mind, memory bank of past lives.

☉ In meditation H.C. relax in quite stillness to stop thinking to listen within. To quieten the Voice Inside your head I recommend reading the early chapters of Michael A. Singers 'The Untethered Soul'. Personally I have a Mind of a siff, able to click off in a blink, mastering Power Napping. Observe being aware that U are Aware... U are a Sacred Being, Consciousness, Spirit.

☉ Spirit is the essence of consciousness, the energy of the Universe / Cosmos that creates

Creates all things. Each one of U.S. is a part of that Spirit, (like a drop in the Ocean of Life) a Divine entity IPE may call GOD. Spirit is our Higher Self, the Infinite and Eternal Being that lives within U.S. - GOD within...

Intuition is our Best Friend; always there, All ways guides, protects, forewarns U.S. Going within, Listening - taking notice of our immediate Intuitive thoughts, our gut feelings, first impressions, instincts... All animal use well... See how super-sensitive your cats and dogs are.

Form is the physical world of mortal matter. Form is our physical temple body. Our mortal mind presumes in self-concept, ego-identity structure; our name, height, weight, our soulhood to discover the CHRISThood. ## CHAPTER 4

# Into the Mystic

In nearly all the Spiritual Art pieces I have created, I have used Light and the Rays of colour. Sound also plays a major role in the interplay. I often play appropriate music and meditate while painting.

Bearing that in mind 'Into the Mystic' was inspired by Van Morrison's song 'The Mystery' and his classic 'Into the Mystic'. I shall share the condensed Lyrics with U to help Let Go and go Within . . . .

'The Mystery' Van Morrison  
Let go into the Mystery of Life  
Let go into the Mystery  
Let yourself go.

## *Raising the Living*

*There's a way and a mystic road  
You've got to have some faith to carry on  
And all your dirt will turn into Gold  
You've got to open up your Heart  
You got everything you need  
All of your dirt will turn into Gold.  
There is no other place to be.  
You've got to dance and sing  
And be alive in the mystery.  
Be Joyous and give thanks and let yourself go.  
You've got to open up your arms to the Sun  
You know you've got so many charms  
It's only just begun<sup>d</sup>*

*Then in Van's classic song 'Into the Mystic'  
the Lyrics tell the story of the fisherman going  
out early - coming home late from the Mysteries  
of the Ocean of Life.*

*Searching beyond the surface for his catch  
of Love and Wisdom... The Fisherman hears  
the distant Fog Horn calling him home...*

## *Into the Mystic*

he returns to his wife and true Love One (GOD). The fisherman and his wife share the fish and celebrate together.

Going deeper Spiritually into the Mystery, Tyme Haz Kum, J.E. the Protical Son's and Daughter's are being called back home to be with the ONE - 'One by One' with our Parent GOD Source of our Being. Just as the Sun Rays are to its Sun Source.

J.E. have ventured so far out into the darkness of nothingness to the point of no return, to be lost to a AI artificial mortal matter, robotic - no mind, no heart.

Over the eons of time for 38 million years of having a protective body vehicle for our Souls while experimenting, J.E. have gone through many trials and errors (era's) from universe to universe. Now in the 12<sup>th</sup> major one that carries all elements from the previous. The 11<sup>th</sup> being machanical, AI Star Wars. J.E. the Divine Harty Spirited Ones

## *Raising the Living*

*have learnt the lessons, meanings and values of Life to Co-create with GOD a New Perfect Heaven/Universe 13<sup>th</sup> alongside GOD's Silver and Gold Rays of Creation.*

*Those of U.S. who have graduated Into the Light and Beyond with our Pure Minds and Loving Hearts, open to the Natural fresh Ideas from the 'Wind of Change' are open to the Recommendations and Guidelines coming from our Divine Principal.*

*Currently going into 2025 H.C. are witnessing the Demolition Derby from the Truth taking place - Out with the Old, In with the New, Please don't get caught up in the noise and bull dust, keep focus on the Love and Peace, the foundations for the New in 'Birthing Oortopia'.*

*Meanwhile let's sail on into the painting. H.C. can see the outskirts to be the circumference of the universe and H.C. are working our way back to the Source centre.*

In doing so J.C. become both the Centre and the Circumference and All inbetween in Oneness. J.C. hold to the Lesson, Meanings and Values with the Codes of Ethics - Morals Values and Behaviours, the G.O.D.ress from before the Rebel Rays Fall 7 billions years ago, using tools to re-build a Perfect Divine Universe.

Now, if one takes the original painting out in direct Full Sun Light. IT is so Glaringly Bright from the Source U need sunglasses. The Sun Rays reflecting straight back as if from a mirror, from the many layers of iridencent, pearlescent and Fluro paints of Mother of Pearl. Seducing all, around IT.

Interesting I AM writing this paragraph at 3-53 am, Mother Rosie's Soul is here watching and listening. I AM playing a song by The Black Seeds titled 'One by One' that I've never heard before. U see Turning is Everything. GOD's Perfect Turning.

## *Raising the Living*

*This is Divine Intervention, Hey! I gratefully received the message. With today's state of affairs, pushed to extremes from what's left of the 'Deep State.'*

*In our empowerment, One in All In. like to conclude this chapter singing the condensed Lyrics to demonstrate how much a song (Lyrics and Melodies) gets U.S. right into 'The Heart of the Sun' also a powerful song from Pink Floyd.*

*'One by One' The Black Seeds'  
Summon everything you've got  
All your forces under the Sun  
Put the call up into the sky  
I'll take you one by one by one  
Come on and take me on...  
Come on and take me on...  
Your words are like throwing stones  
Skipping across my skin  
Take a warm look at what has gone before*

## Into the Mystic

There's no way you will ever win  
Come on and take me on  
Cause when the war is over  
the fight is done  
Well, I'll be lying in the sun  
The sun's the only one who sleeps

There is a complete universe of Divine Mind/Spirit, everything is knowable to mortal sense just requires to be innerstood. Bio synchronisation, the material manifestation of the Spiritual fact that there is One, Creative Mind, Source of Being. In that Mindset WE are in sync with Divine Mind, also others. This Native Spiritual sense that WE all have gives US the ability to discern Spiritual GOD the Kin-dom of GOD within US.

Are WE 'Into the Mystic'?

WE can close the door of dark nothingness to open our eyes to infinite Spiritual completeness Divine Mind. Divine Consciousness Awareness.

## CHAPTER 5

# Seeing the Invisible, Hearing the Voiceless

Being Love and Light - the highest frequency is Love and the most powerful energy in the universe. U don't see Love, as such, U feel it... through IT's aspects express.

Remembering that conscious energy is compounded of Father-Intelligence and Mother-Love; Electric Magnetism. Which is our Soul's Divine reality, that's our Truth of Being.

Seeing is believing, some may say, I'd say  
Believing is seeing.

Consider; U may step into the office to see and hear the boss having a bad day yelling

## Raising the Living

and telling the new girl stuff off... in a nasty manner. Disturbed, U are seeing the invisible crumpiness and anger releasing in the man.

Then feeling compassion and empathy for the girl U know, who is sensitive. Hearing her Voiceless words of defense she's holding back. U are hearing her feelings and seeing, in the Darkness, her hurt suppressed and expressed in her body language.

On a better day U arrive a little late at the Tavern to your dear workmates engagement gathering. Here U are seeing the excitement and Love Expressed in everyone smile. U hear and Feel the Love Vibrations, the Love is in the Air.

U could paint the Invisible and Voiceless Love in the scenes. Painting the vibe, the atmosphere and the facial expressions.

Before U go into this painting, let's tap into our Intuition (the Invisible GOD within) Knowing the one and only True Source of Being - Creator GOD, the Higher

## Seeing the Invisible, Hearing the Voiceless

Power of the universe / cosmos that IS ALL in ALL, is within each of US. To open consciously and allow Creative Energies to move through US, in magical and quite miraculous ways. IT pleases US seeing and hearing GOD's work in others, applauding and thanks to GOD Express.

With a focus on the GOOD/GOD in all, delete those acting in satanic dark behaviours. See the GOOD in others, forgive their ignorance and arrogance, - don't wear it, not yours to wear.

By listening to and acting on our Intuition, H&C can directly connect to GOD, a Higher Power and allow IT to become our guiding force. IT is always in U 24/7. Be in Holy Communion always.

This is who and what H&C Divinely, Uniquely are as a GOD species, Children of Parent GOD. With our Great Gift of Free Will and collectively makes US the Hearty

Spirited, the Christed Ones - the Second Coming, not this AI anti-christ robotic thing playing o u t. G.P.E. can be CHRIST- 'YESUS' via GOD within - Intuition/Holy Spirit. That is how the real U-Yesus performed.

Let's see what's in the painting. Have a wonder around it... Then I'll critique it. The key point to note is Love Express-period... I will remind U frequently; GOD is Love Itself; GOD Express through U.S.

U can see music and frequencies are highlighted in Fluro along with colour and number codes and the written word - all are interrelated (tarot, numerology, music notes, colour)

Are U seeing and hearing the songs?

Some just take in the beat and rhythm to dance! U may use the written lyrics to read with sound to gain the meaning and messages.

For several years I played using the M.A.D. Cafe - Making A Difference with Music Art Dance where Master Ascend Divinely.

## *Seeing the Invisible, Hearing the Voiceless*

*H.C. are learning, Sound is a Powerful Force. As in Nature the Hz frequencies 432 Hz 963 Hz with a 3-5-8-13 beat are Healing and raise pyramid blocks. Almost festivals, everywhere 4-16 beat of 430 Hz lowers vibrations in dank, satanic Drum and Base. Those with substances (drug-alcohol) invite for the 4D demonic entities in.*

*Heartfelt songs (Lyrics and Music) can open and tickle the Heart with Joy. Love songs can add salt to a broken Heart.*

*Heartfelt Love songs, and music in movies can stir emotions to tears. Likewise, music dramatises a scene of suspense.*

*H.C. witnessed here in N.Z Wellington and protest over Covidiot and Vaxecution, how these pirate unlawful enforcing police and their 56 high pitch piercing sounds, the sirens, proved damaging to the Peacemakers, plus pepper sprays.*

## Raising the Living

U can See and Hear the Invisible and Voiceless through - Clairvoyance, Clairaudience, Telepathy and a step further into Teleportation. H.C. are all capable of; beyond the limitations of the five mortal senses.

With Aspects of Love Expressed - being Kind and Generous, showing Empathy H.C. feel our offerings, they are not physical matter. H.C. see our actions, Feel our Loving expressions.

Knowing H.C. are not material matter, a body... H.C. are Spiritual. H.C. can be described as Light, Love, Peace; Joy, affectionate, considerate, tenderness, energy, confidence, courage, self-control self-discipline, all Spiritual qualities. H.C. open our eyes to see beyond what H.C. have seen before. H.C. open our ears to hear what H.C. could not hear before. New beginnings start to emerge. To see without eyes and walk without feet, H.C. fly without wings.

## CHAPTER 6

# *Freeing the Feminine, Grounding the Masculine*

*Whilst in solitude up on Freedom Mountain (a.n.a. Takaka Hill) Golden Bay amongst Nature in 'Conversation with GOD' My thoughts came on the oppression placed upon the Feminine Energies within All of U.S. From male domination in society, as well as ourselves... This led to contemplation of the Feminist Movement of the 1960's.*

*This the seeds of creation for this artwork. As for most of the collection derived, from a single thought.*

*Each of U.S. has Male and Female energies within U.S. One of the most important challenges to develop these energies fully, Creating harmonious balance.*

## *Raising the Living*

*These Male and Female energies — the yin/yang, anima/animus, Ma/Pa, mum/dad, boy/girl any terminology of choice this, a profound subject. Indeed, a supremely Fundamental Education Intentionally Omitted in Indoctrination Institutions. All to Create more Mass Confusion, different than delivered in a GOOD way...*

*Instinctively, H&E understand the basic functions of feminine and masculine energies and associate these energies with their respective body types.*

*Traditionally, women have developed, and express — receptivity, nurturing, intuition, sensitivity, emotion... Additionally repress — assertiveness, direct action, strength in the world.*

*Conversely, men have developed their ability to express — their intellect, act in the world, strongly, directly, assertively and aggressively, Likewise repressed and denied their intuition,*

## *Freeing the Feminine, Grounding the Masculine*

*emotional and gut feelings, sensitivity, and nurturing. Likely this is resonating...*

*From this perspective Men and Women depend upon each other being only half themselves, requiring a Balance of both energies... In recent decades, we have seen single parenting, more divorces, 2 jobs, 2 cars, Women forced into the workforce to perform what was previously male roles. Women of late presenting as masculine wearing trousers, suits, short hair styles. Being more independent, able to work on the Inner-Self. However, where is the Balance?*

*Empowering Now... Let's focus on the painting 'Freeing the Feminine'. We see it as (physically) opening up from our inner world, suppressed in the fetal positioning ready to be Re-Born... coming from the Divine Light of our Soul, the GOD within US.*

## Raising the Living

As shown in my painting - "Freeing the Feminine" H.C. realise the cage is made of our Thoughts. In a free flow the Feminine energies, rises, to its full Angelic Potential.

I have painted various women representing All women of the world.

The Rising Feminine

Changing the mind-set opens doors to the Light of GOD. Is the Angelic Child within stirring Now?

Let U.S. look at Grounding the Masculine. To complement the Feminine, I painted the upside down perception of the upside-down world again at the time of the manipulated / created hurricane Katrina, stirring energy. Another engineered event.

At the top right, H.C. have a claimed mortal god Zeus, dictating Greek religion. Sky and thunder god, myth-ruler king of kings, attempting

## *Freeing the Feminine, Grounding the Masculine*

to control the universe, commanding with the 10 Commandments falling apart, taking Masculinity to extreme abuse via the Anki negative bloodlines.

With Spirituality coming back to Earth Naturally, with the One and only True GOD creator of ALL. WE move through the BAAL, evil of Babylon era and later the Roman Empire.

WE get caught up again with King Arthur, his Knights, and the Templars. Into the Crusades WE see Masculinity in the indoctrinating religions, causing war. Jesus (Yes US) showing the way to Peace when he became CHRISTED One with GOD. Jesus Balanced the Feminine and Masculine energies with Love and Peace.

Unfortunate further degradation from Religion and Politics with the burning of the proclaimed, witches. More recently with many ongoing wars, W.W.I II and now a desperate push for WWIII by corps, - Masculine overload.

The Green Man is not a singular deity.

## *Raising the Living*

*Universally symbolic, the Natural Man is One with Nature / GOD. CHRIST <sup>↓</sup> YesUS, possibly Robin Hood character are considered Green Men.*

*Grounding the Masculine down to Earth*

*Finally M&E are now grounded in harmony with Nature and ourselves, giving and receiving. Modelling myself as the modern man on top of the world, co-creating, a new perfect world. Heaven on Earth.*

*So far, I have been back 71 years and have witnessed nearly all of humanity, falling a*

long way backwards on the path of Love and Peace. With the use of computers and technology used through dark energies/entities, the Masculine energy has learnt to respect and comply with rational, logical aspects of being dismissed, denied and depreciated our Feminine intuition, instincts.

Since the slap in the face the coward delivered, most of the populous has fallen into line with mass formation, complying to all the lies. Having the DNA altered with the poisonous, deadly shots to become robotic rather than Angelic.

It has been a slow Awakening to the facts. WE are not mortal material matter. WE are Spiritual, the essence of consciousness... Now moving into 2025 WE are seeing individual and collective, shifting from a position of control and fear into surrender and Trusting of the intuitive powers of the Feminine energy, rising in our surrender to Her.

The transgender movement is giving a

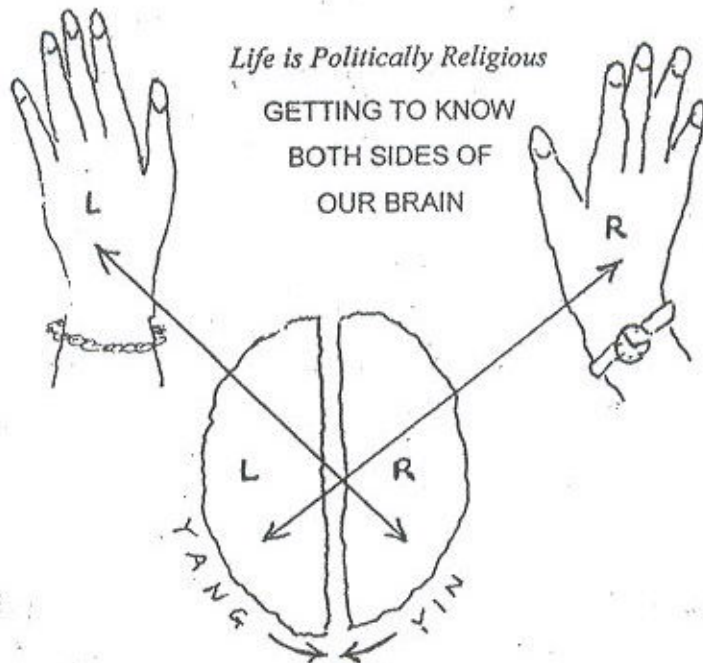

## Raising the Living

Further push into knowing who and what ~~we~~ are, with the ability to balance the Masculine and Feminine energies within. Important to apply daily, harmoniously. Young children are been pushed into confusion.

As a boy, I was born a Natural left hander, the nuns at primary school tried forcing me to use my right hand, after spraining my right wrist I went back to the left, then right with school holidays, back to left. By grade 2 at the age of 6 I became completely Ambidextrous, equally left and right. Born with Neptune and Saturn conjunct at 4:04am in my Mid-Heaven helped.

From then onwards, I was able to observe the limitation of others only using half of their capabilities. Noted when a male adult over works his left brain, he blows a fuse to have a stroke, shutting down his right side. By singing (feminine) his words is able to speak clearly again.

In the early 1990's I produced this chart to innerstand both sides of our brain. It may find this helpful.

## CHAPTER 7

# Stairway to Heaven

Our next Port of Call places U.S. at the base of Freedom Mountain to work our way up to Heaven. Everyone wants to be in Heaven. Where and what ever that word 'Heaven' refers to? It's unnecessary to die to get there, U never will, really U never die, Soul wise.

As mentioned earlier, Heaven is a state of Mind and Heart... When H.C. raise in Love with someone, one feels Heavenly. H.C. can be surrounded in a Heavenly environment, which is Perfect, Ideal. Like being on an island or up on a beautiful mountain of Love and Peace soaking up Creator GOD's wonderful Nature, through all of our senses.

## Raising the Living

With that said shall I.C. step forward into Heaven. Moving now on Lifes journey up Freedom Mountain as I.C. seek to achieve the Wisdom - Love and Peace, overcoming obstacles, distraction, adversities and calamities by unloading our unnecessary baggage of the past.

The goal is to live harmoniously in Love as Brotherly Sisters amongst the Family(s) of Divine Humaneity in the Bliss of Oneness with all Beings from Creator GOD.

Soon after arriving in this land of New Zeal and much more in 2002 from Western Australia, within weeks I ended up nesting on top of Takaka Hill (a.n.a. Freedom Marble Mountain) the entrance to Golden Bay top N/W of South Island.

This, my first major painting in Aotearoa (N.Z) evolved from my Hearty Love and Peaceful still-quiet energies up on the Mountain in Conversations with GOD. New artworks freely flowed, within the year, I held two successful

exhibitions. One being 'Our Female Re-Birth.'

Some may think lotto's-Cor, can buy US Heaven, U can't buy Love. Many of the financial wealthy ones are usually the most unhappy. One may start their day feeling heavenly and in minutes on their way to a job have a car accident and then find out they lost their job - mmm --- Stay on the bright side of Life, keep smiling.

Looking into this painting U can see clearly by using words and symbols in a landscape, U are in the picture. By using Freedom Mountain, which symbolically is also the back of my head, with a Left and Right brain. On the base of the hill on the right I have a sunset at Motueka and on the left the sun is rising in Golden Bay for a new day and new way.

Starting at the base-basics, I can turn inwards Spiritually for inner guidance along the 'Road Less Travelled' in our shining Knights Almour and on the Angelic path of Love to a

## Raising the Living

Kundalini, rising straight up in Universal Love and Wisdom to the Heavenly state of Mind and Heart - JOY!

However, for most of U.S. entangled in society's matrix web I.C. are taking the long road of ups and downs, walk in Life. Certainly an up hill climb.

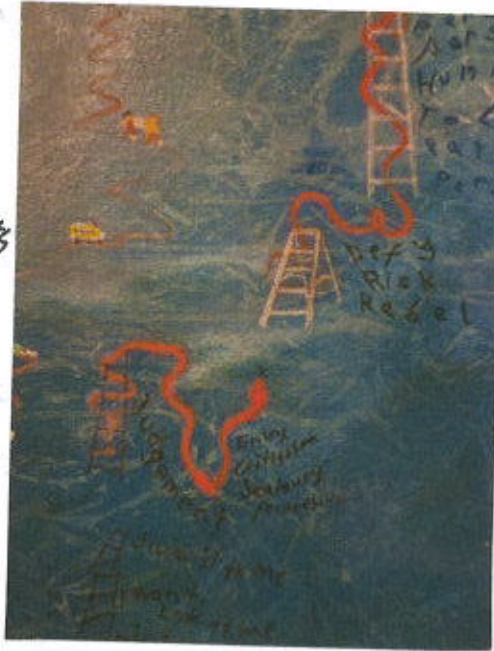

How familiar are U with the Left and Right brain concept? That I touched on earlier. There's a excellent book on 'Drawing with the Left and Right brain' as I do. Our focus on the Feminine and Masculine. Left being ridgid logic interlect. Right being the fun playful creative and Loving. From an early age I have learnt to balance and develop both.

U are ready... Let's work our way up the Mountain. I.C. won't be able to carry that excess baggage. To start with let's down load what isn't serving and support for U.S. and weighing U.S. down.

This ladder feels a bit wobbly, Be careful

criticism, envy, self-pity

heavy bag to carry.

Here we go— road  
maintainence, red lights, quite a pile up, there is  
a full bin, ~~we~~ we can dump all that stuff!

What's on our Right side ~~we~~ we can empty  
out— ignorance, arrogance, selfishness, greed,  
stress and anxiety.

Fear, hate, laziness,  
inconsideration,  
insensitivity, self  
gratification and  
resentment!

Pewh— that's real heavy.

GOOD O J.C. won't have any use of these thoughts up at the top.

How is that feeling? Yes, quite a relief, let's try this ladder, looks safer, it's little to stand up and step over. What's in the back pack? — to rebel, take risk, don't comply no contract, no consent. Good, J.C. keep that.

That was easy, let's try this one looks solid, rather steep. — Patience, tolerance, humiliated, persecuted, misperception and assumptions. Good to get over that one! Let's have a rest.

What have you got in your waist bag?

— disrespect, deceit, lies, ego, unfaithfulness, hate and shame.

What a gutful, dump that.

J.C. can see why many try to hide that.

### *Ease, Grace and Flow*

*From Heaven on top of Freedom Mountain, Let's ponder further across the land and watch another Pure Divine Soul drop down on the far distant mountain range. Please follow the journey it takes on its River of Life (destiny) to reach the Oneness in the Ocean of Life with the Divine Source of All in All.*

*Our Free Will gives U.S. our choice of direction. The pure River of Life keeps U.S. in-Love on the Path of Grace, Ease and Flow. The inflowing creeks into the river (or side tracks) may tempt U.S. to look into them. They are only distractions, that soon dry up, leaving U.S. stranded and lost.*

## *Raising the Living*

Unfortunately, the vast number of the population are still lured into societies side tracks, pressured under stress and anxiety, born into a matrix web of lies and corruption requiring to be re-awaken to the Truth of Life.

Now, at the point of no return, the invasion of the human mind and DNA has become zombielised, Lost Souls forever.

For tens of thousands years the Indigenous Native Bushman and Woman roam freely in Harmony with Nature and Spirit, in Ease, Grace and Flow.

The great majority of U.S. (unaware) are born into Societies matrix. We explore these side tracks to learn and not to be stuck. See how this resonates with U on your journey to Enlightenment.

Finally into 2025 much of the dark satanic Deep State are coming to the surface.

For those amongst U.S. that are Awake and Aware, best to keep focused on Birthing Ourtopia. The New World of Divine Humane Beings, contrary to a New World ORDER. # Rebirthing our Ruataniwha

Here in the land of New Zealand in the Maori mythology – Taniwha are large supernatural beings – found in swirling waterways or in caves. Considered as dragon / serpent. They are protectors and guardian Spirits. As large as they are, U can see them as monsters if U like, they are Good monsters.

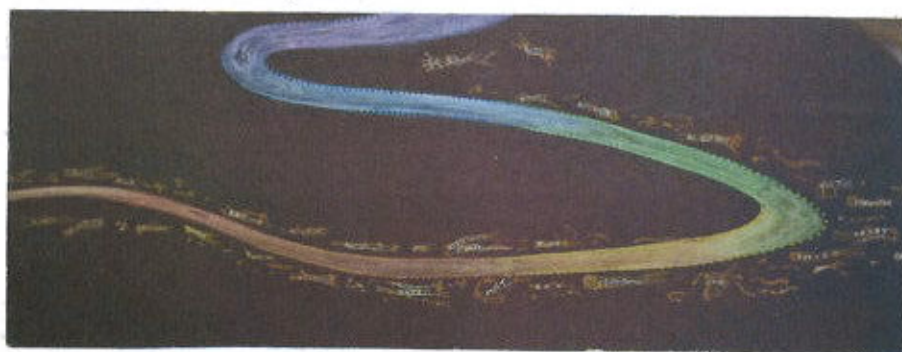

Like a parable, I often place the messages in a landscape enabling the viewer to follow the story through with symbols and words.

This painting is based on the rear view of my shop at the time, looking across the

anger, resentment... the list goes on...

It's not U, this doesn't belong to U, please don't wear all this non-sense.

Surrender and Let Go!

U are Love - Love Itself, as a child of GOD. H.C. are the outpouring reflection of GOD. Love is reflected in Love. GOD is the Principle, H.C. come from our Source of Being in, Equity.. Love Express - GOD Express. Bearing this Love in Mind H.C. delete, dismiss the error in all the baggage. Express the Loving Aspects and Live it.

More on Love in the Love Vibration

A couple of years ago a big strong Maori man was in my U.V. gallery looking into and reading this painting and feeling weak and hurt. On approaching him, he turned, sobbing with tears streaming down his cheeks. He said... 'I have so much of that on my shoulders.' Replying I said 'No!' 'That's baggage U have accumulated from others. It's not yours and

doesn't belong to U.'

He got it and instantly Let it GO!  
Only except the GOOD Loving things in your  
life. He (forgotten His name) then looked at  
me smiling with tears of JOY saying.

'U just lifted a ton off my shoulders'

'No U did, no one else can.

That incident became part of the reason to  
write this book.

H.E. are all Teachers and Pupils to

2004 Acrylic - Triptych 90 x 360 cm.

## CHAPTER 11

### *About Divine Consciousness*

*I decided to include this painting in this collection as it shows broadly where humanity has been and the ascension towards Divine Consciousness.*

*The painting is inspired from a friend, Peter David visiting our mutual friends in Manfred and Ana in Golden Bay late in 2003. While doodling with their 7 year young daughter Manuana, his hand suddenly 'took off' he was astonished when an image appeared that looked like a highly evolved Spiritual Guide waving at him. 'What's happening?' Manuana replied, 'you're channel writing' page after page, writing codes and symbols.*

## Raising the Living

The next day, Peter approached me asking if I would be able to understand all this to paint on canvas. I asked Peter to read it out. I connected to his writings. 'Leave it with me, Pete, I'll prepare a layout sketch'. A few days later J&E went over the sketches.

With such a large amount of data and downloads, I suggested three 90x120 cm canvases as a triptych. Here J&E are. I wanted Peter to have some input to the artwork. Gave him some under painting, (paint by numbers) this extended to art lessons for over a couple of months. He was very happy with our collaborated transformation as it evolved.

I added the Whale and worlds, remaining faithful to the meanings and messages received.

This book is about, Raising the Consciousness of the mortal mind to our immortal True GOD self of Universal Divine Consciousness -  
Christ Consciousness - - -

## About Divine Consciousness

Let's look into each canvas, with a brief summary to get the overall picture.

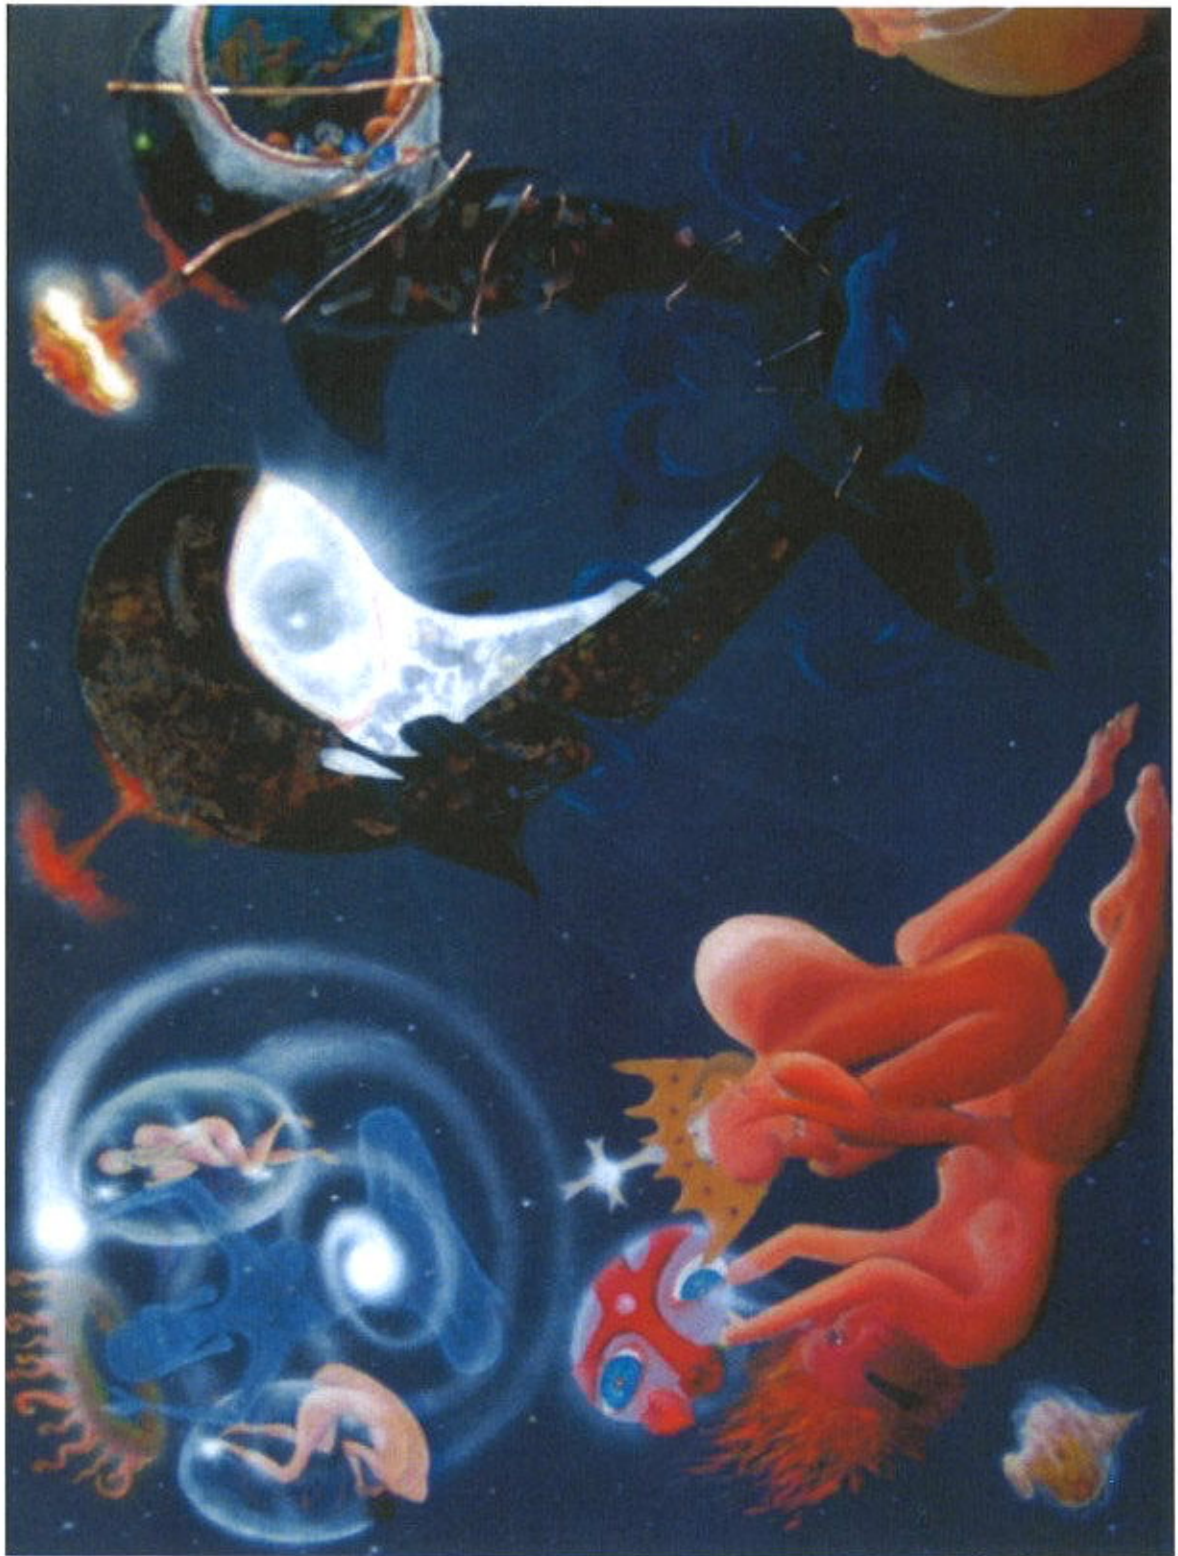

### Left Panel -

Bottom left: male intercourse with female is a sexual domination game. Simply (fuckin') physical sex for his own gratification only, not LOVE. Hump on back represents mental baggage. The male is in shame. Crown represents potentially Sacred Male Energies which he has no access to.

The woman is buying into the pounds and dollars toward the Divine, a sacred object offering the potential for serenity. Tears from the sacred object fall on her, to anoint her, offering the possibility of LOVE.

Upper left: The figures have potential for re-birth into Grace; however, they're not quite there. The woman's feet are stepping outside the bubble, and the man's twisted body represents falling out of Grace.

Centre: The Whale contains the

indigenous peoples of the world and the volcano gives new life. The eye is the centre of the whale's mouth of all-knowing intuitive wisdom. The shark holds the multi-national consuming the world, bound by the Hiroshima and Nagasaki atomic bombs going off with the rings of time. The dolphins, ever playful, come through the whale, forming a heart of LOVE, not buying into the shark's energy.

### Centre Panel -

The Divine Female and Male energy are shown in total communion and partnership. The male energy supports the world blows his breath of Life onto the world. The female's womb contains male and female joined at the hip and shoulders showing they are inseparable from each other and bonded by LOVE. The door between them which is the Book of Life. The atom, the smallest component of the universe, is the building block of all things, people, and is microcosm of the universe.

*Central Panel 90x120 cm.*

## About Divine Consciousness

The rings above both deities' heads are the matching male/female worlds. The dolphins around the earth god's neck represents playfulness. The leaves represent the earth energies showing, the fertile Love possibilities of the penis not used as a weapon. The erect penis symbolises he is unashamed of his masculinity. The pin coming from the hammer shows when people are locked into their genitalia (the lust in the dust) they are hurting themselves with wrong intent. The shackle rings mean the same thing, a very limited use of sexuality.

The snakes and rainbow serpents around the Divine Feminine represent healing. The jug pouring Sacred Water anoints the woman. The mirror shows self-reflection, the fire figures around the mirror are people dancing. The aphid represents human mass breeding with no purpose beyond propagating consuming and dying. The rings from the aphid around the foot show ~~the~~ are nonetheless locked into the Divine.

*Right Panel 90x120 cm.*

## *About Divine Consciousness*

*H.C. are trying to spin a fine silk web to camouflage the foot in denial. The Key of Life comes through her genitalia, rightly used. The eternal flame is psychic, hence no candle. The golden thread is the eternal Golden Age coming from the ether.*

### *Right Panel-*

*The water from the Aquarian jug (lower right corner in central panel) goes into the Holy Grail turning into red wine, anointing the horizontal male's foot traveling through and healing his body. The external male energy pleasuring himself rather than coming from Love's centre, is looking into physical sex. The feather at the end of the penis turns into a sharp saw representing, undercutting remnants about women and sex. The mechanical arms show the male turning himself into a machine for money. The beasts shows the unformed denied feminine, part of the male. The colour green means gangrenous,*

## *Raising the Living*

angry, envious. The fingernails show we have been doing this for a very long time. The corkscrew is screwing Women for money, crucifying her and men too. On the cross we see the Pound and Dollar signs enslaving humanity. Woman is biting into the Pound sign because the Pound was the first dominant monetary unit. However, she still radiates LOVE, even from this predicament. The thread in her right hand is the thread of Life. The eye coming outside of herself seeks the male energy balance, represented by the Eagle and the Lion. The knot in the throat means men are all knotted up about it (emotionally/intuitively). The web in the mouth is a web of deception. The scorpion turns into a drug pipe, stinging ourselves. The face is expressionless, showing men's difficulty expressing emotions. The safety pin is nappy consciousness as humans haven't consciously matured. The arrow shoots ourselves in our left eye. The chrysalis is

## About Divine Consciousness

fully formed, the wings have yet to develop, M.C. can't yet fly. The horns show male virility. The Universal tear drop is huge compared to what M.C. have, the jug is only half full. The Divine Child in the bubble is the gold thread. The trumpet is the ear of listening. M.C. are the arrow of the Eagle, Lion, the future and the great force. The bubble on both sides of the male Principle Energy, in Balance, listens to all with Unconditional Eternal LOVE.

There U have IT 1-2-3. Human mortal mind generally, only knows of the conscious being physically awake in its limited five senses. The unconscious considered one is asleep or knocked out, knowing little of the sub-conscious, our memory bank.

Really there is only one Mind and Consciousness, Being Universal, Divine Consciousness, which is Christ Consciousness.

## Raising the Living

For those knowing of the existence of the Divine Force, GOD, the One and Only - our Parent having direct experiences inner or outer body to know that Divine Consciousness is a reality and Live by IT.

I first became consciously aware of Divine Consciousness on top of a pine tree, talking with three magpies at the age of 3 years. At a young age I was tapping into the Mind of All-GOD, thinking I.E. all do and I.E. all can. Christ Jesus has as many others have and do. Some just have glimpses of the Oneness; Omnipotence, Omnipresences Omniscience. The Universal Divine Consciousness can be difficult to explain for one to comprehend - one must experience IT.

The individual sub-consciousness of U will rise as U open up to IT, into the Universal Oneness. I.E. become One with our Parent GOD, who IS always right

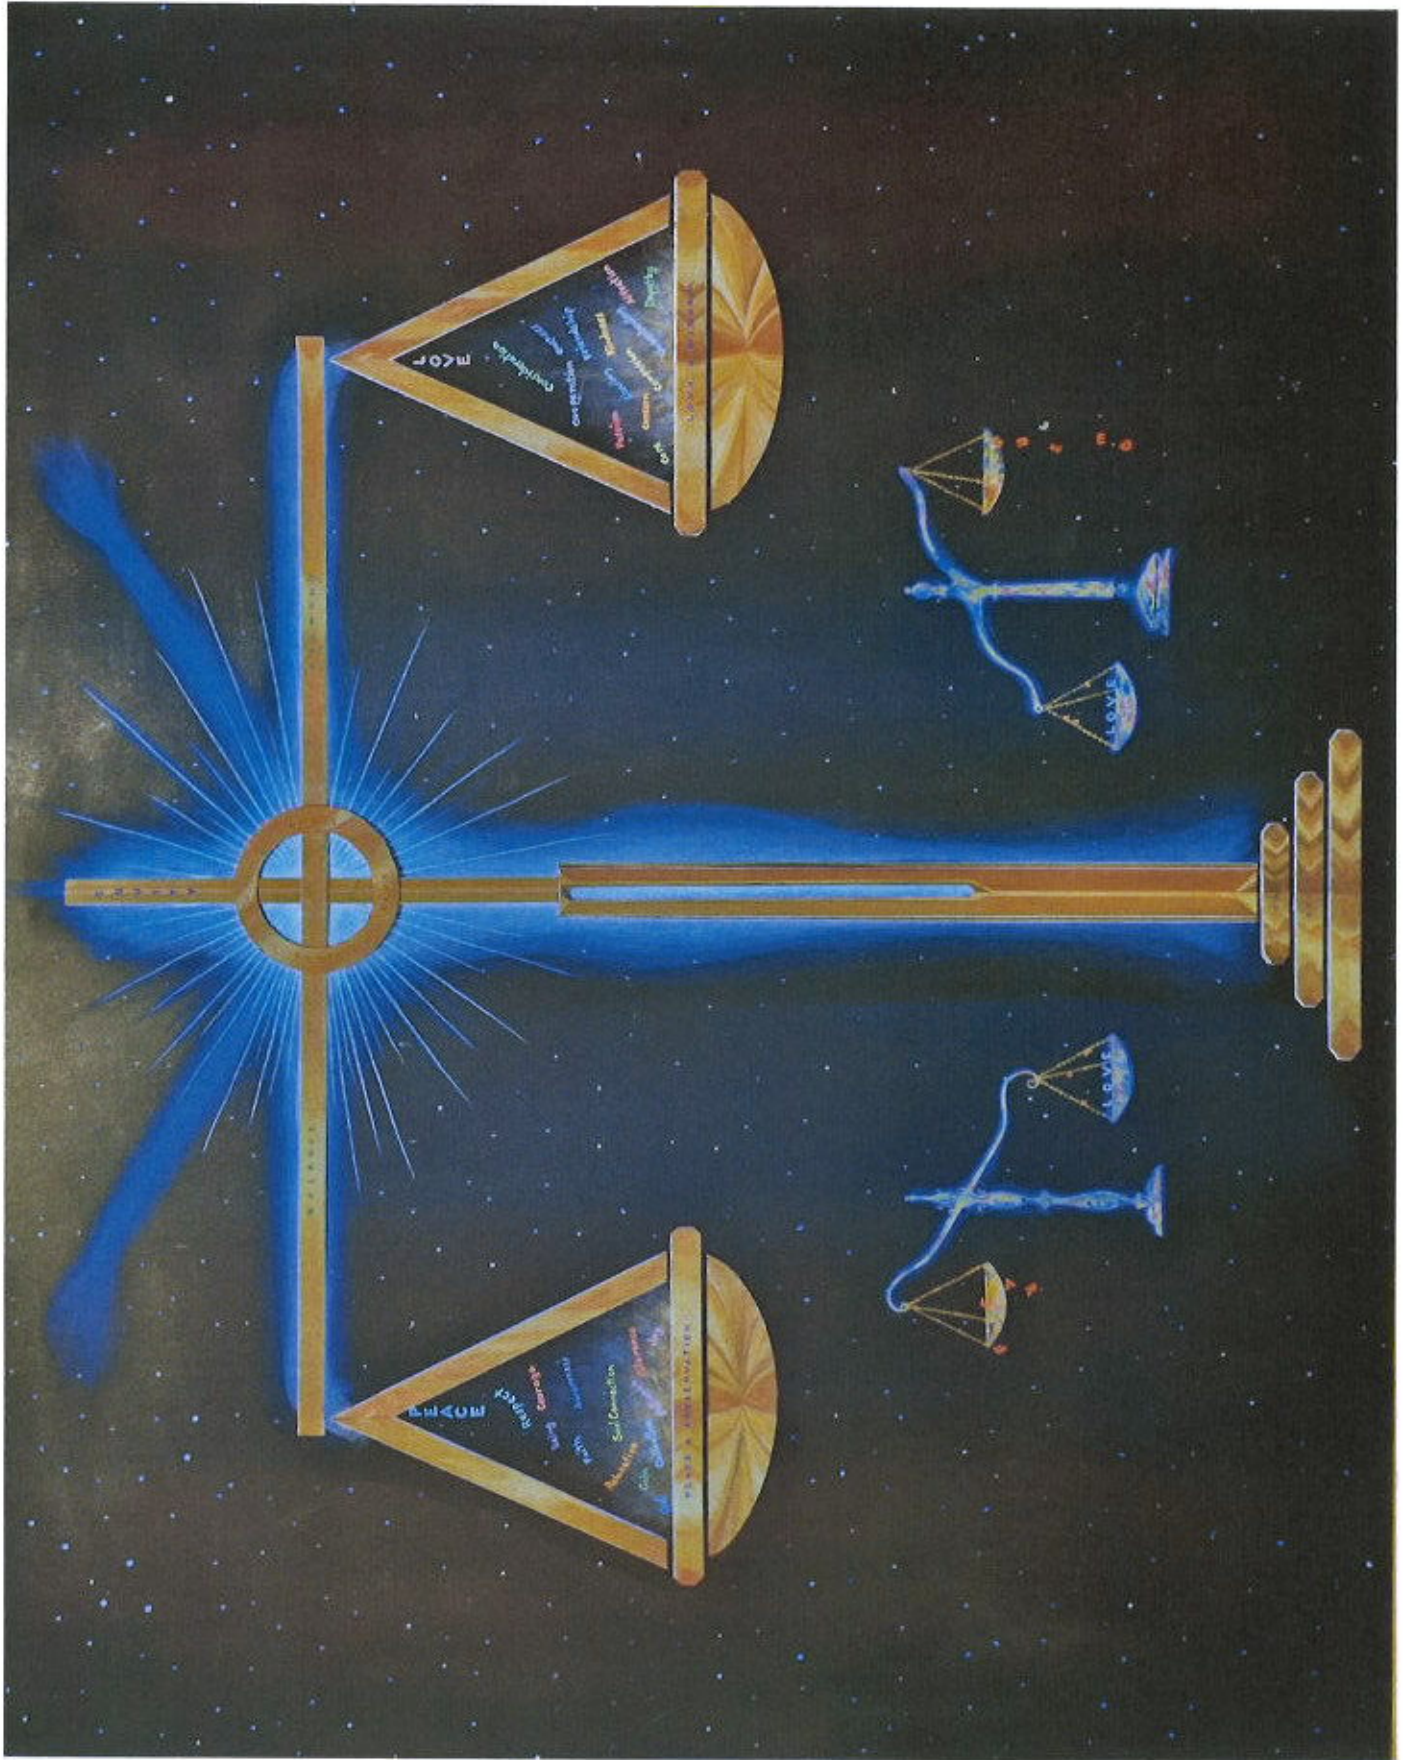

## *About Divine Consciousness*

# GOD's Divine Guidance

Looking at this painting Lovingly and Peacefully H.C. are seeing Harmony and Balance, Love and Peace, all in GOD's Order-Perfection. Currently H.C. in societies of the world are well off the Scales with Greed and Fear, Manipulation and Controlled. Many are being enslaved and seperated mentally, unaware.

Knowing it is True Unconditional Love lived, expressed, that will bring All who do back into this Picture.

Let's look to see how H.C. can re-balance our Lives with Love and Peace!

There is far more to Life H.C. act upon and perceive. IT will be Mind boggling

## *Raising the Living*

to take U to the Source and All involved in what is our Omniverse. - The All in All, is the gigantic combination that brings all existence into a unified relationship, a sum total of Physical and Spiritual Creation. It continues to grow, evolve and unfold having no beginning nor end, infinite-eternal. WE as individual outpourings - Children of Source GOD, like Sunrays are to Sun Source. WE are the Expanding Cosmos, how Mighty are U!!!

WE have 24 Spiritual Levels/Dimensions, 10 levels of physical body density and 2 types of Life Forms - Male and Female in our physical world.

Syme haz Kum - our choice to stay asleep in an A.I. Artificial Nightmare OR Awaken to our Divine Consciousness Awareness.

There is only One True Law, as such;  
Creator GOD's (Law) Guidance, Recommended to All.

## GOD's Divine Guidance

"Love GOD-then Love and Respect Yourself and Others"  
in the Oneness!!!

This english word 'Law' made up, has its meaning to rule, order? Established and spewed out to be enforced by the self claimed authority with its legislations and Acts. Their twisted Laws can change at will to ensure enforcement, by judges, policemen not Peace Men. ~~As~~ I've been witnessing illegal and unlawful Acts, criminal.

Enough's Enough! This is not of GOD or the People. WHY, U may ask?, has the great programmed, indoctrinated, vaccinated majority sat back on their hands allowing the reptilian evil things to enslave and punish U.S.- GOD's Children.

Almighty Parent GOD, the Father / Mother has no laws, Commandments or Orders. GOD offers us a Manual with Guidelines and Recommendations, always available via our Intuition.

## Raising the Living

Many Indigenous races had laid out codes, guidelines for their peoples protection and well being, taught by the Elders, handed down by the Word of Mouth, generation to generation learnt from Lessons, Meanings and Values and Behaviours. Allowing the people self disciplining, self governance, Respect and the Love to keep the Peace!

In saying, how does the Laws sit with U? I see man made laws with a capital 'C' in front of it 'Claws' and I turn it around on anyone who attempts to enforce them upon me. I/We don't take 'orders' from anyone, particularly myself. Are U telling me to OR Asking me nicely? If asked I will certainly consider and mostly likely say 'Yes'! smiling.

Society/civilisations have fallen to slavery accepting punishment by these foolish Claws. We need Guidelines and Recommendations.

Merciful Creator GOD never punishes,

## GOD's Divine Guidance

error is eradicated its not real, not of GOD,  
not GOOD. Much to Reconcile / Rehabilitate.

For example looking at our roads,  
U.K. have white guidelines if marked correctly  
keeping US on the straight and narrow.  
Stop signs guide US to slow down to ensure  
safety, to give way if necessary. Kilometre/  
Miles signs are recommended speeds, 30km  
gives US warning of a sharp bend ahead, or  
road works. NO to punishing revenue fines  
double dipping in courts.

Today's blown out of government (lies)  
means control-ment. They are all lies that are  
afraid of the Truth. The whole Truth nothing but  
the Truth.

They take the Bible (St James version is  
accepted as supreme in N.Z. courts) away from  
U in courts once U swear on IT. When I stood  
in Box in front of judge I said firmly "I will  
Not Swear on the baddy Bible, for Christ sake,  
I shall Affirm on the Bible" and held IT on my

## Raising the Living

Heart. 'don't U take IT away' These sick satanic judges, the liyers, police... believe they have a right to lie their guts out once the Bible has been taken away, since U cursed, swore it out.

I AM happy to have, from experiences, to have learnt to be an Elder, like so many others from the GOD-Christ within, continuing to guide and teach.

Having been through their mentally sick mills and their septic satanic courts, challenging the fools from day one. Thankfully asking and recieving GOD's help through my Soul playing it out via my Holy Communion with the Silver Ray of Creation. (Justice Prevails).

With the guidance of the Christ (Light and Love of GOD) within, Lessons for Humanity are happening around the world.

U can see from the painting the scales of Justice in Balance in the Universe. U are the Christed GOD figure holding the Love and Peace in Harmony and Balance, they go hand in hand.

## GOD'S Divine Guidance

Once again I shall hand out the Aspects of Love. Without them Expressed, G.C.E. will have the crimes of; harm, injury and damages, that can only blow out to wars from domestic to worldly. Gregg Braden would say loosing our 'Humanity!' G.C.E. are GOD Express. GOD is IS. IS All in All, GOD Really IS is Everything.

On the LOVE Scale G.C.E. have:

Care

Concern

Compassion

Innerstanding

Empathy

Consideration

Kindness

Friendship

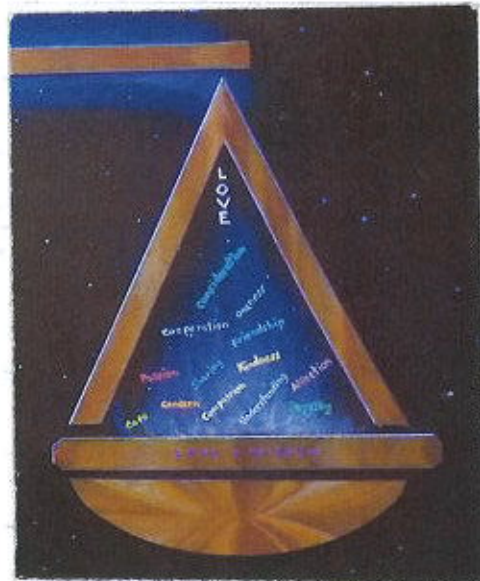

Sharing

Collaboration

Affection

Passion

Oneness

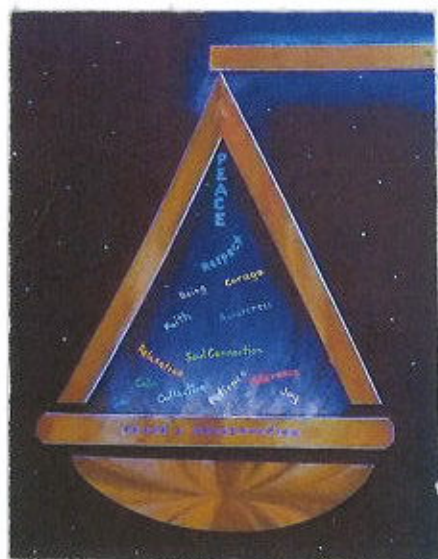

## Raising the Living

In the early '90's while washing my hair in the shower (flow of Water) GOD intuitively said 'Take the Theme of LOVE; Breathe IT, Live IT and Become IT' Straight away I went about compiling these Aspects. It was a few months later I received the Master 13<sup>th</sup> Aspect 'Consideration' I felt comfortable with. Thanks Be to GOD.

Observing my daily practices and before going to sleep I would summarise the activities. Within a few months of Living IT, the Expressed Aspects became automatic, Way of Life.

By Expressing Love in our daily Lives WE are able to hold the Peace. Here are the Aspects:

Cool  
Calm  
Collective

## *GOD'S Divine Guidance*

*Patience*

*Tolerance*

*Being*

*Soul Connection*

*Joy*

*Let's have a look into these Aspects,  
and how U can apply them to Yourself,  
your Children and Others.*

*WE are here to Love and Be Loved!*

*From your observations, what can WE  
see and hear, feel. The Signs and Wonders  
surround US.*

*A relation, a friend, stranger, they are  
part of U. Someone(s) hurting severely...  
Emotionally, Physically, Mentally, Spiritually,  
one effects the other. They are crying out inside,  
feeling down and out, unable to function properly.*

*Your Feminine Energies are aroused to  
Nurture. U feel others pain, keen to assist.*

## Raising the Living

U are **Concerned** of their needs. Opening your Heart in **Compassion** and **Caring** for them with the **Innerstanding** how to help. Your **Empathy** put U by their side, connecting at their level to rise, U Hug, releasing much pain. U have been **Considerate** through the above Aspects.

As U offer **Friendship** in a **Cool, Calm, Collective** manner, **Sharing** in your **Kindness** as U **Collaborate** in what might best resolve the issues. With a spark in their eyes, a mutual **Affection** is felt in a sense of **Oneness**. With that U look to re-ignite their **Passion**.

This IS, is **Love Expressed / GOD Express** performing in one incident, the Day has just begun. **Lending an Ear** for someone to console is **Loving and Healing**. Often WE feel WE can't confide to anyone burying the emotions in our cells under the carpet, to fester for later. **Get it off your chest, your Heart.**

## GOD'S Divine Guidance

I enjoyed adding these smaller Scales at the base, the space was begging for the Power of Love. As we know Love outweighs fear and greed. U can also refer to my 1988 painting of same title.

With the Spiritual Changes now happening for those Open, and those Opening, Trump is blowing his Trumpet aloud to Awaken-Expose and Disclose, deep state evil. We have the opportunity to achieve Mastery/Oneness.

To continue our Kin-ship journey to the Higher Realms - HOMEWARD BOUND...

Let's RELAX, have a break, in Quietness and Stillness, on this Island to Reflect and Comprehend. Before Heading Home!!!
